THE CITY OF AARHUS

Denmark's second largest city is best described with three key words:
Roots, knowledge and pulse.

The city's exciting history dates back 1200 years. Today, Aarhus is famed for its unique campus environment and level of education. Aarhus is an open-minded city with a young spirit and a strong pulse which reaches far beyond the city borders.

With conference capacity for 13,000 persons within a few kilometres of the city centre, 10,000 hotel beds in the region and a rich variety of unconventional venues for meetings, the possibilities for conferences, meetings and seminars are exciting and almost endless. Since the facilities are concentrated in the city centre and at the Radisson Blu Scandinavia Hotel, time is used efficiently.

Adjacent to the hotel lies Aros, the biggest museum of modern art in Northern Europe and an ideal place for inspiring breaks in a busy schedule. In addition, Aarhus boasts a number of interesting galleries and museums, not to mention highlights such as The Old Town open air museum.

Many of the other attractions in Jutland are within easy reach. A ride through town on a free city bike is a must. The annual Aarhus Festival Week is a bombardment of live music and performances on stages spread throughout the city.

The beautiful beaches and forests of Aarhus will easily fulfil the need for mental relaxation and beautiful sceneries and they are only a stone's throw away.

Another main feature for visitors to Aarhus is its always friendly, welcoming and cosy atmosphere that charms everybody, regardless of the purpose of the visit.

ROOMS & SUITES

The hotel's 229 rooms and 5 suites are intelligently designed to satisfy the needs of business and leisure travellers alike. All rooms enjoy fantastic views of Aarhus.

Naturally, free wireless internet access is available in all rooms, conference rooms and public areas.

GASTRONOMY & ENTERTAINMENT

Food is always a popular topic in conversations and an important factor for the success of any event. The Radisson Blu Scandinavia Hotel offers you the opportunity to enjoy your lunch or dinner in either our Restaurant Scenario or in La Pyramide bar and lounge.

We can always come up with inspiration that will fulfil your gastronomic desires.

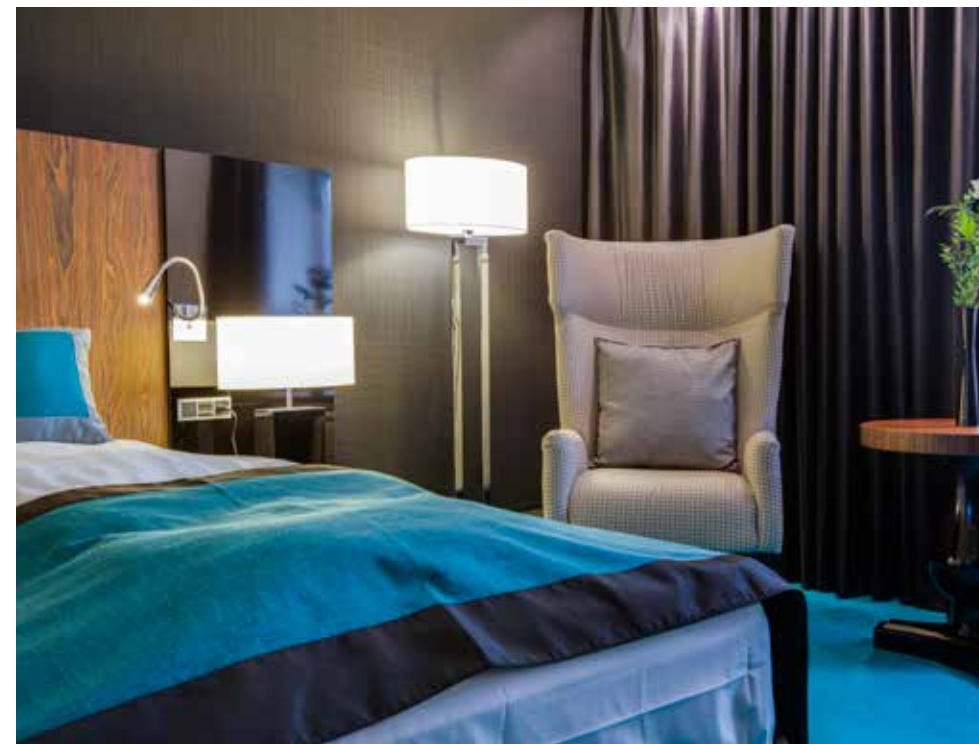

The hotel's creative Chef will be happy to create a special menu or a refreshing snack for your break that matches your event.

TRAINING

When it comes to training, the 2,000 m² spacious and bright rooms of Fitness World in the Scandinavian Center provide the perfect frames and a pleasant atmosphere.

The fully equipped fitness centre offers group training at all levels in aerobics and spinning.

Treat yourself to an in-depth training session. You can also ask the staff about the numerous possibilities for outdoor activities in Aarhus and its surroundings.

MEETINGS & EVENTS

The five-star conference facilities are designed to host big and small events, from conferences, symposiums, concerts and receptions for up to 4,000 participants in the same room, to intimate meetings for two persons.

A handful of different factors contribute to the success of an event: The programme, the venue, the facilities, the food and the entertainment. We are experts in combining these factors to a successful synthesis.

Our goal is and will always be 100% guest satisfaction. That is why we have the four Radisson Blu Meeting and Event promises:

- 100% professionalism
- 100% commitment
- 100% care
- 100% satisfaction guarantee.

If you are not satisfied we will make it right. If not, you don't pay. It's as simple as that..

FLEXIBLE MEETING & CONFERENCE ROOMS

The Radisson Blu Scandinavia Hotel and Scandinavian Congress Center are known for their extremely flexible five-star facilities. The 35 meeting rooms (12m² – 178m²) provide space for a wide range of possibilities and with movable walls the rooms can be adjusted to your individual needs. Thanks to our experienced team of technicians, florists, waiters and cooks the rooms are equally suited for international conferences and cosy family gatherings.

You will find wireless internet access throughout the hotel so you can use your computer in the meeting rooms, lobby areas and restaurants. Welcome to the meeting place right in the heart of Aarhus.

BRAIN FOOD

Brain Food was developed for meetings and conferences. The product helps the participants stay fresh and alert throughout the event. We serve food that ensures a stable blood sugar level and provides a maximum of nourishment for the brain, resulting in reactive participants in good form and with high brain activity.

The six principles of Brain Food

1. Lots of fish, wholemeal products, fruit and vegetables
2. Primarily fresh, local ingredients
3. Pure ingredients with a minimum of industrial treatment
4. Less fish and never more than max. 10% fat
5. Naturally sweetened and a maximum of 10% added sugar
6. Focus on the palate and on satisfying all senses

Fresh, local ingredients have the highest nutri-tion value. They taste better and offer a maxi-mum of care for the environment. That is why they form the basis for the food we make.
